

## ABOUT OUR SERVICES

Our design process is somewhat different to other companies. We pride ourselves in working closely with clients to achieve EXACTLY what is required for their business needs. There are NO shortcuts. We guarantee that each and every finalized design is perfect for our clients in every way.

Projects can range from basic '1 piece' designs to 'packages.' Packages generally consist of multiple design items such as logos, stationary, business signage, apparel, website design and so on. Check out our portfolio to see some examples of what we can do for you.

Below is a guide outlining our design services. We can tailor a package that suits your specific needs.

Do not hesitate to get in touch if what you require is not on our list. We will try our best to meet your needs.
